**PART 4: WRITING ABOUT THE TOPIC**

**Directions:** You will have **60** minutes to write about the topic of “**ALTERNATIVE ENERGY**”. Recall the issues that have been covered today. Now consider these issues as you answer the question below in an academic essay. You will be graded on the **language** (50%) and the **organization/development** (50%) of your essay. Make sure you answer the essay question **directly**, i.e. without going off the topic. Your essay should have:

- an **introduction** paragraph which has a clear and well-structured **thesis statement**,
- one or two well-developed **body paragraphs** with **topic sentences**, **supporting sentences**, and **details/facts/examples**,
- and a **concluding paragraph**.

**Question: WHAT ARE THE ADVANTAGES OF USING ALTERNATIVE ENERGY SOURCES (SOLAR, WIND, OR NUCLEAR POWER)?**

*You may write your ideas on the back of this page. You will NOT be graded on your plan.*
