

## **NESİL GAZİOĞLU**

Nesil Gazioglu, born in 1979, graduated from Industrial Product Design Department - ITU in 2001. She had a master degree from Business Administration Department-ITU in 2003 and a master degree from Industrial Product Design Department-ITU in 2004.

At the same year she started to work as an industrial designer in UZEL. While working in UZEL, during 6 months, she worked in a design company, as a part of design team, in Zell am See / Austria and completed a whole tractor design together with them. After 2011, she went on her studies as a freelance designer and in 2017 after getting pedagogical proficiency certificate, she started to work as a part time 3D design teacher in Terakki Schools. She is still working as a part time lecturer in Terakki Schools, Bahcesehir University and Isik University.
